## **OBJECTIVE**

Driven and results-oriented Mobile Developer with a strong foundation in IT business analysis and hands-on experience with all phases of SDLC and Agile/Scrum & Waterfall methodologies. Seeking to apply my advanced programming skills, requirement analysis expertise, and stakeholder engagement abilities to deliver innovative, high-quality, and scalable mobile solutions that meet business objectives.

## **HIGHLIGHTS OF QUALIFICATIONS**

- **Specialized in Mobile App Development:** Rich experience in designing, developing, and deploying mobile applications for iOS and Android platforms using Swift, Kotlin, and React Native. Proven ability to create user-centric, responsive, and high-performing apps.
- **Comprehensive IT Business Analysis:** Skilled in conducting thorough requirement analysis, translating business needs into technical solutions, and aligning online & mobile platform features with user expectations. Proficient in documenting functional specifications and ensuring alignment with stakeholder requirements.
- **Full SDLC Proficiency:** Strong background in the Software Development Life Cycle (SDLC), with hands-on experience in Agile/Scrum and Waterfall methodologies, ensuring timely delivery of high-quality solutions.
- **Effective Collaboration:** Proficient in working within cross-functional team environments and handling both independent and collaborative projects. Recognized for clear communication and the ability to drive projects to successful completion.

## **TECHNICAL SKILLS**

<b>Programming Languages &amp; Frameworks:</b>	<b>Tools &amp; Technologies:</b>
<ul style="list-style-type: none"><li>• <b>Frontend &amp; Web/Mobile Development:</b> Swift, Kotlin, Android, iOS, React Native, JavaScript, HTML5, CSS3, Node.js, Vue.js</li><li>• <b>Backend &amp; Databases:</b> Python, C#, MongoDB, Firebase, SQLite</li></ul>	<ul style="list-style-type: none"><li>• <b>Version Control:</b> Git, Sourcetree</li><li>• <b>Database Management:</b> SQL Server, MongoDB, Firebase Firestore</li><li>• <b>Project Management:</b> Jira, Azure Boards, Bitbucket</li><li>• <b>API Integrations:</b> RESTful APIs</li><li>• <b>Development Environments:</b> Xcode, Android Studio, Visual Studio Code, IntelliJ, HBuilderX</li><li>• <b>Software Proficiency:</b> Microsoft Office Suite, SharePoint, Visio, SAP, Teamcenter (PLM)</li></ul>

## **EDUCATION**

**Mobile Application Development and Strategy Program (Postgraduate)**

**Jan 2024 – Dec 2024**

*George Brown College, Toronto, Canada*

- Developed a various iOS, Android and Cross-Platform Apps.
- Works / Projects: [GitHub](#) / [Project Demo](#)

**Certificate Programme in Python Programming Python**

**Feb 2022 – Nov 2022**

*School of Continuing and Professional Studies (The Chinese University of Hong Kong), Hong Kong*

- Created a shopping website using Python, HTML, CSS, Express, pandas and SQLite as the final project.

**BEng (HONS) in Industrial and System Engineering**

**Sep 2018 – May 2020**

*Hong Kong Polytechnic University (Year 3 to year 4), Hong Kong*

**Associate in Science**

**Sep 2016 – May 2018**

*Hong Kong Community College (Year 1 to year 2), Hong Kong*

## PROFESSIONAL EXPERIENCE

**IT Business Analyst (e-Banking & User Experience)**

**Sep 2022 – Nov 2023**

*Bank of China (Hong Kong), Hong Kong*

Key Projects:

- **Online E-Mortgage Appointment and Application:** Led the development and implementation of a new e-mortgage platform, enhancing user convenience and operational efficiency.
- **Transactional Net Promoter Score (tNPS) Implementation:** Implemented the tNPS system across various online and mobile banking features transaction, enhancing service quality and increasing customer satisfaction.
- **Daily Online and Mobile Banking Customer Complaints:** Managed and resolved daily customer complaints for online and mobile banking services, ensuring effective issue resolution and maintaining high customer satisfaction.

Achievements:

- **Enhanced Digital Banking Functionality:** Conducted thorough business analysis, leading to a 20% increase in user satisfaction by optimizing digital banking functionalities.
- **Improved Stakeholder Communication:** Streamlined communication processes, aligning project goals and reducing miscommunication by 30%.
- **Efficient UAT Management:** Oversaw User Acceptance Testing (UAT), ensuring solutions were user-friendly and reducing defects by 25%.
- **User Support and Training:** Provided comprehensive support and training for new functionalities, resulting in a 15% reduction in support tickets and increased user proficiency.
- **Increased Online Banking Adoption:** Led impactful projects that improved functionality and user experience, achieving a 15% increase in online banking adoption.
- **Effective Team Coordination:** Coordinated with cross-functional teams to deliver projects on time and within budget, enhancing team efficiency by 10%.
- **Optimized Service Response:** Implemented customer feedback mechanisms, improving service response times by 20%.

**Technical Documentation Engineer (Product Lifecycle Management Analysis)**

**Sep 2020 – Sep 2022**

*ASM Pacific Technology Ltd, Hong Kong*

Key Projects:

- **Part Model Number Assignment (PMNA) System:** Led the development and implementation of an online registration and enquiry system for new products. Ensured the accurate flow of information and streamlined processing for greater efficiency.
- **System Enhancements:** Utilized Azure Boards to conduct system enhancements, including backlog creation and bug tracking, to refine system functionalities and performance.
- **Daily System and User Support:** Provided continuous support for system operations, promptly addressing issues to ensure smooth and effective user experiences.

Achievements:

- **Improved PMNA System Efficiency:** Managed the PMNA system and its daily user support, leading to a 30% reduction in registration time and significantly enhancing operational efficiency.
- **Boosted Teamcenter (PLM) Productivity:** Supported the Teamcenter (PLM) system, implementing functionality enhancements and daily support, which resulted in a 20% increase in overall productivity.
- **Optimized Document Management:** Enhanced document management processes to ensure ISO compliance and improve document retrieval efficiency by 25%.
- **Maintained Documentation Accuracy:** Conducted regular document audits and supported training management, ensuring accuracy and consistency in documentation.
